Queries used in the Video Lecture

```
USE Sakila;

-- Inner Join

select customer_id, first_name, last_name from customer;

Select actor_id, first_name, last_name from actor;

SELECT
     c.customer_id,
    c.first_name,
    c.last_name,
    a.actor_id,
    a.first_name,
    a.last_name
FROM customer c
Inner JOIN actor a
ON (c.last_name = a.last_name AND c.first_name = a.first_name)

-- Left outer Join

SELECT
     c.customer_id,
    c.first_name,
    c.last_name,
    a.actor_id,
    a.first_name,
    a.last_name
FROM customer c
LEFT OUTER JOIN actor a
ON (c.last_name = a.last_name AND c.first_name = a.first_name)

-- Right Outer Join

SELECT
     c.customer_id,
    c.first_name,
    c.last_name,
    a.actor_id,
    a.first_name,
    a.last_name
FROM customer c
Right OUTER JOIN actor a
ON (c.last_name = a.last_name AND c.first_name = a.first_name)
```
